WWU Planetarium and Sustainability Tour

Learn how easy it is to get to Western Washington University by bus. (No parking hassles!) Enjoy a short demo at the Planetarium and a tour led by Seth Vidana, Campus Sustainability Manager. We'll see the newest sustainability initiatives on campus, including a green roof and solar panels.

Meet in the waiting room of the downtown bus station at 10:25. We will catch the bus to campus and go directly to the Planetarium. We have a room reserved in the Viking Union Building for lunch after the tour. You can buy lunch from a variety of food vendors, or pack your own brown bag lunch. **We will return to the downtown station by 2:00.**

To reserve a spot for this trip please call SMART TRIPS at 676-6974

ITINERARY:

10:25	Meet at downtown bus station
10:40	Depart #190 to WWU
Noon	Lunch in room VU464
1:02	Depart WWU for downtown arriving downtown 18 minutes later
	(later departures are possible at 1:16 and 1:32)

"Smart Trips has encouraged several employees to try the bus. Many have told me how good it feels to walk even the short distances between the bus stop and home or work. They feel better mentally and physically. That makes Anvil run better, too."

Anvil Corporation

"EverybodyBIKE has been a superb extension of our curriculum. The riding course offers the lesson of starting, stopping, looking left and right while riding a bike. Bike to School Day is great too – motivational not only for students but for whole families! We are becoming a biking community and raising healthy children and families!"

Assumption Catholic School

"Smart Trips helps BTC by providing promotional incentives and educational materials to encourage faculty, staff, and students to make more Smart Trips. BTC LOVES being an Employer Partner. We're so glad this program exists!"

Bellingham Technical College

Our community is healthier thanks to the following Smart Trips Employer Partners. They encourage employees in Whatcom County to walk, bicycle, share rides, and ride the bus.

SMART TRIPS

Make a difference anywhere you go

"Smart Trips helps us respond to the challenge of limited parking on campus. It's also helped us and our caregivers feel tied to the community by positively impacting the local environment. For our organization, it has been a win-win partnership."

PeaceHealth St Joseph Medical Center

"I appreciate the work that you do and see the Bike Skills Course as a very important part of our curriculum. Your staff are excellent and their delivery of the content is so valuable for all our elementary students. It is one of our activity highlights."

Roosevelt Elementary School

"Whatcom Smart Trips provides critical support and professional advice to Sanitary Service Company as we strive to increase the number of our employees walking, busing, cycling and carpooling to work. With Smart Trips assistance, SSC recently was awarded a Silver BizCycle Award from Gov. Inslee for our efforts to support bicycle commuting."

Sanitary Service Company

"We need the parking around our Y for members and guests. Whatcom Smart Trips provides an attractive, easy, high incentive program for people to get out of their cars."

FACT: Smart Trips participants have prevented 0.247 tons of particulate pollution since June 2006.

Whatcom Smart Trips is having an impressive impact on our whole community!

"Whatcom Smart Trips provides us with resources to encourage and incentivize alternative transportation. They have sophisticated marketing. None of this would be done, let alone nearly as well, if it was left to be done by our own internal initiative. "
